

SPECIFICATIONS – EVT0001783

Replacement of 20 Ton Chiller & 20 Ton Condenser/Compressor

KDOT District 5 Headquarters
500 N. Hendricks
Hutchinson, KS. 67504

Building #1

1. Replace all needed connections and fittings with new and appropriate sized fittings and connections.
2. Remove and dispose of old chiller and condenser/compressor and all non-used pipes.
3. Replace any and all fluids or Freon back to operating levels.
4. Use or replace all low voltage wires and/or thermostat unit.
5. Provide industry standard commissioning and system start-ups.
6. Leave site in a clean and orderly manner.
7. District shall receive Operation and Maintenance information related to service, repair, parts, and warranties in a three ring binder.
8. Bidders shall visit the jobsite to ascertain what is needed for a complete replacement.
9. Please contact Dan Ochs, 620-663-3361, to make arrangements for a jobsite visit.

General Requirements

1. Bidders are required to submit one copy of a properly completed “Event Details” document, and all additional documents required by the Event Details. Please read the Event Details carefully.
2. All questions related to this bid event should be directed via email to the Procurement Officer indicated in the Event Details. Answers to questions will be available in the form of an amendment on the Procurement and Contracts’ website: <http://da.ks.gov/purch> .
